

Medicare Prescription Drug Plans in Florida

LOCAL HELP FOR PEOPLE WITH MEDICARE

1-800-963-5337

Florida Department of Elder Affairs, SHINE Program

#25102412

Medicare beneficiaries may receive prescription drug coverage through a stand-alone prescription drug plan or a Medicare Advantage Plan (includes health care coverage). It is important that individuals find a plan that addresses their concerns about cost, coverage and convenience.

For assistance reviewing plan options, we invite you to contact the Florida **SHINE (Serving Health Insurance Needs of Elders)** Program at **1-800-963-5337**. Through a network of trained SHINE Counselors, Medicare beneficiaries receive free, unbiased personal attention by telephone, or if preferred, individual assistance at a counseling site located within your community. Beneficiaries may also learn about programs that help save on out-of-pocket costs.

The following table provides information about the thirty-four (34) prescription drug plans available to Florida residents in 2013. To view more details and to compare prescription drug or Medicare Advantage plan options, please feel free to visit the Medicare plan finder tool at www.medicare.gov, or call a SHINE counselor for assistance.

¹ Plans that provide coverage for some brand name or generic drugs during the "gap" or "donut hole."

² The "auto-enrolled" plans are eligible to individuals with limited incomes who have both Medicare and Medicaid benefits, Medicare Savings Programs (MSP), or who receive Social Security Income (SSI) assistance.
